

PUYALLUP

SCHOOL DISTRICT

Presents

Financial Planning Workshops for Families

Our goal is to prepare each student for post-graduation opportunities. Those dreams can come at a cost for which some families are not financially prepared.

In September and October, the district will sponsor several evening events to help parents prepare. Workshops will be offered at Emerald Ridge, Rogers, and Puyallup high schools.

At the **FAFSA Information Night & Workshop** families will learn about applying for Free Application for Federal Student Aid (FAFSA) and Washington Application for State Financial Aid (WAFSA).

At the **Financial Planning Night** guest speaker and financial planner Brook Anderson will help participants develop short and long-term goals for effective financial planning.
