

# Organizational “Cornerstones”

PUYALLUP  
SCHOOL DISTRICT  
*A Tradition of Excellence*

- *Each person within our organization is first an “Educator”.*
- *We are a learning organization and our leadership is in the form of service.*
- *We are a model of professionalism for all in our district to follow.*
- *Providing an education to “each child”, and directly supporting those who do, is essential work.*
- *Public education is the foundation of our community and our society.*
